Description:

The Trinitarian Christology of St Thomas Aquinas brings to light the Trinitarian riches in Thomas Aquinas Christology. Dominic Legge, O.P., disproves Karl Rahners assertion that Aquinas divorces the study of Christ from the Trinity, by offering a stimulating re-reading of Aquinas on his own terms, as a profound theologian of the Trinitarian mystery of God as manifested in and through Christ. Legge highlights that, for Aquinas,

Christology is intrinsically Trinitarian, in its origin and its principles, its structure, and its role in the dispensation of salvation. He investigates the Trinitarian shape of the incarnation itself: the visible mission of the Son, sent by the Father, implicating the invisible mission of the Holy Spirit to his assumed human nature. For Aquinas, Christ's humanity, at its deepest foundations, incarnates the very personal being of the divine Son and Word of the Father, and hence every action of Christ reveals the Father, is from the Father, and leads back to the Father. This study also uncovers a remarkable Spirit Christology in Aquinas: Christ as man stands in need of the Spirit's anointing to carry out his saving work; his supernatural human knowledge is dependent on the Spirit's gift; and it is the Spirit who moves and guides him in every action, from Nazareth to Golgotha.

A magnificent entry into the mind and heart of St. Thomas Aquinas through the subject that is at the heart of all of his work: the mystery of the Trinitarian processions as permeating the mystery of Christ. Fr. Legge convincingly argues that contrary to the opinion of many scholars, St. Thomas's dogmatic theology is Scriptural through and through. Hence, his Trinitarian theology is always based on the revelation of the Father by the incarnate Son, who is filled with the Holy Spirit. This is a "must-read" for anyone engaged in work on the Trinity and/or Christology, from any faith perspective, and likewise for anyone who wishes to simply enter more deeply into Thomistic studies. For beginners as well as serious scholars, there is something for everyone in this easy-to-read and well-articulated work. I cannot recommend it enough. Michele Schumacher, University of Fribourg

The Trinitarian Christology of St Thomas Aquinas in Christian Books and Bibles pdf books

The Trinitarian Christology of St Thomas Aquinas

Christology Thomas of St Trinitarian Aquinas The These Christology a popular read The the school library but I found little interest in my class library.
